EDUCATION

SUNY University at Buffalo <i>Bachelor of Sciences in Computer Science, Minor in Mathematics</i>	Aug. 2024 – Dec. 2026
SUNY Suffolk County Community College <i>Associate's in Computer Science</i>	Jan. 2023 – May 2024

EXPERIENCE

Information Technology Support Specialist <i>Connected Technology, LLC</i> - Communicate with managers to set up hardware at a client's site - Assess and troubleshoot problems brought by clients - Maintain upkeep of computers and network equipment at business sites by creating and reading network topology diagrams	May 2025 – Aug. 2025 <i>St. James, NY</i>
Lifeguard II <i>Jones Beach Lifeguard Corps.</i> - Performed land and water rescues using specialized water safety equipment - Collaborated with lifeguard teams to execute emergency response protocols - Monitored crowded beach conditions and enforced safety regulations to prevent accidents	Jun. 2020 – Aug. 2025 <i>Jones Beach, NY</i>

PROJECTS

Custom Multipool Allocator <i>C</i> - Built custom multipool allocation functions (malloc, calloc, realloc, and free) - Used <code>brk()</code> and <code>sbrk()</code> to acquire usable memory addresses	Nov. 2025
Machine Learning Research – SURC <i>Python</i> - Explored machine learning models to predict if a student would pass or fail a certain class - Developed and trained a linear regression model in Python - Researched multiple other models, including K-Nearest Neighbor and Naive Bayes	Jan. 2024 – May 2024
AI Life Insurance Agent – HACK@CEWIT <i>JavaScript, HTML, CSS, Python</i> - Developed a web application for clients to get a life insurance quote - Collaborated with two teammates to demo a project in 48 hours - Built Python AI and SQL database to web application	Mar. 1 – Mar. 3, 2024
Online Eye Acuity Exam – SBUHacks <i>JavaScript, HTML, CSS</i> - Developed a web application to mimic a Snellen chart - Collaborated with two teammates to demo a project in 48 hours - Implemented Google's voice recognition API into the application	Feb. 9 – Feb. 11, 2024

TECHNICAL SKILLS

Languages: Java, Python, C/C++, Git, SQL (Postgres), JavaScript, HTML/CSS, OCaml, ARM Assembly
Frameworks: React, React Native, Node.js
Tools: Visual Studio, Visual Studio Code, Jupyter Notebook, GitHub, GitHub Desktop

PROFESSIONAL MEMBERSHIP

Society of Asian Scientists and Engineers (SASE) <i>Cultural Chair & Member</i>	May 2024 – Present <i>Selden, NY</i>
Mu Alpha Theta <i>Member</i>	May 2024 <i>Selden, NY</i>
Math & Math Research Club <i>President & Member</i>	Jan. 2023 – May 2024 <i>Selden, NY</i>
